Potential Client  
Buyer or Seller  
Texas Real Estate Sales Agent /Realtor

Dear Potential Client;

I am a Realtor at Holcombe properties, Magnolia, TX. Homeowner in the Magnolia area where I have lived for 20 plus years. Previously worked in the oil & gas industry, where I learned many skills to include customer service and developed a strong work ethic. Also spent several years doing real estate maintenance, repair, and renovation. Recently completed training with Texas State Affordable Housing Corporation and Texas Veteran's Land Board.

Are you looking for an Agent that:

- Is totally committed to your best interest
- Has a customer service based work ethic
- Can help you navigate the sometimes frightening real estate process

If so, then you need look no further. You will see from my enclosed resume that I meet all of these qualifications and more. I would very much like to discuss opportunities with you and anyone else that you wish to part of this. To schedule a meeting, please call me at 713-204-8031. The best time to reach me is between 09:00 (9 AM) and 20:00 (8PM), but you can leave a voice message at any time, and I will return your call. Thank you for taking the time to review my resume. I look forward to talking with you.

Sincerely,

Tom Horrigan

Realtor

## Holcombe Properties

Realtor for nearly 2 years. During this time I have closed over \$5MM in transactions. These transactions include bare tracts of land that have been sold for residential and commercial. Residential from mobile homes to lake front homes and farm and ranch. I have closed several commercial leases and residential leases. I have also worked with people on eminent domain situations and sold 50 acres to a Texas school district.

## Horrigan Enterprises

Contractor for nearly 2 years. During this time I had contracts in place with Palm Harbor Homes performing FTO and warranty and service work for them. Also built several decks, repaired ceilings, small roof repairs, etc. Operated as a handyman business, which I still operate. This allows me to provide another level of service that many Realtors cannot.

## Energy Industry

Worked primarily in the Gas Compression segment of the Energy Industry. Worked for (4) companies during this 25 year period, only because the companies were bought out. My last endeavor was Director at SEC Energy Products & Services, a wholly owned subsidiary of Energy Transfer. The experience and knowledge I gained during the my tenure in this industry, taught me the importance of communication and follow through. These are two critical components in the recipe for success.
